IN DETAIL:

A world-renowned authority on globalisation, Dr. Khanna was named one of Esquire's "75 Most Influential People of the 21st Century" and featured on WIRED's "Smart List". He has provided his foresight to over thirty governments, including serving as an advisor to the U.S. National Intelligence Council and on the Singapore government's Committee on the Future Economy. In his conferences, he frames the measurement of resilience as a central pillar of rigorous investment strategy, and highlights AlphaGeo's industry-standard toolkit for navigating climate volatility, geopolitical shifts and other disruptions, and in identifying the top geographies for asset appreciation. His analyses are regularly featured in influential media such as CNN, Bloomberg, BBC, The New York Times, Wall Street Journal, The Economist, Financial Times, among others.

WHAT HE OFFERS YOU:

Dr. Khanna delivers data-rich visualisations that distill geopolitical, economic, and technological megatrends, and provides tailored and detailed presentations embodying his deep expertise and first-hand experiences in more than 150 countries.

HOW HE PRESENTS:

His tailored roadmaps provide wise and pragmatic guidance to decision makers from business and organisations around the globe.
