IN DETAIL:

His foresight is grounded in a career at the sharpest edge of finance and frontier technology. As Global Head of Technology M&A at BNP Paribas, Roger led 50+ transactions worth $25 billion, built the bank's U.S. M&A platform in San Francisco, and launched its European Digital Corporate Finance practices.

WHAT HE OFFERS YOU:

Roger offers futurist insights like no other, from boardrooms on Wall Street and London to the AI frontiers in Silicon Valley. His keynotes challenge assumptions, expand perspectives, and equip executives with the mental models and practical tools needed to enhance decision-making in the age of AI, and transform change into strategic opportunity.

HOW HE PRESENTS:

Roger's presentations are rigorous yet highly accessible, blending deep analytical frameworks with real-world examples. He makes complexity understandable, providing audiences with structured foresight tools like his AAA Framework (Antifragility, Anticipatory, Agility) to help leaders navigate volatility, uncertainty, and systemic change with confidence.
