Having joined Finmeccanica Spa., the major Italian Aerospace and Defence Industrial Group, in 2002 he currently holds the position of Scientific Advisor and Responsible for Technology Intelligence. From 1999 to 2000, he was Assistant to Professor Ferrante Pierantoni, Board Member of AIPA, the Information Technology Authority of the Italian Prime Minister's Office.

"A leader in technology"

In detail

Andrea Aparo holds a Doctorate degree "summa cum laude" in Physics. He started work in experimental physics and then became a researcher at the International Patent Office in Den Haag, Netherlands. In 1995, he founded com.e srl, an Internet company based in Rome. In 1999 he was appointed Director General of the City of Barletta, Italy. Since 1973, Andrea has edited and written science articles and books published by numerous newspapers and magazines. From 1998 to 1999 he was Executive Coordinator at the World Economic Forum in Geneva, Switzerland.

What he offers you

Andrea Aparo offers vast experience in the technological sector and has taught/lectured in high schools, academic institutions, private companies in Italy and abroad. He is in an enviable position of being able to explain to worldwide audiences the far reaching ramifications of new developments of key technologies, showing the complex ways in which they will interact, and explore the economic, political, social and ethical challenges they bring.

How he presents

Highly engaging and fluid, his style is nonetheless very well punctuated allowing time to absorb his powerful messages. He is a stimulating and engaging speaker whose qualities are endorsed by his international audiences.

Languages

He presents in Italian, English and French.
