

# Captain James Lovell

Astronaut and Commander of Apollo 13

## CSA CELEBRITY SPEAKERS

Jim Lovell was chosen as an astronaut in 1962, following extensive experience as a naval aviator and test pilot. He went on to build a distinguished NASA career, serving as a pilot on the history-making Gemini 7 flight in 1965 and as the commander of the Gemini 12 spacecraft. He was also the command module pilot and navigator for the epic six-day journey of Apollo 8 but he is best known as the commander of the now legendary Apollo 13 mission.

### In detail

In addition to his consulting and speaking work, Lovell interviews top CEO's in the role as host of Executive Forum, a nationally syndicated TV program. One of the most successful speakers in the history of the business, he has motivated, inspired and entertained hundreds of audiences around the world.

### What he offers you

Regarded by many as a living legend and all American hero, few inspire and motivate like Jim Lovell. Audiences listen in awe as Jim recounts first hand the dramatic events of the ill-fated Apollo 13 Mission.

### How he presents

An accomplished speaker, Jim captivates audiences with his highly entertaining presentations illustrated with stunning images from his NASA days.
