- 2003** The impact of the I-culture (nominated for the title Best Management book 2003)
- 2000** eStrategy (translated into six languages)

IN DETAIL:

Cor Molenaar completed several studies in the field of economics, marketing and information technology. In 1992 he completed a Masters in Change Management from the Free University in Amsterdam, and presented a highly informative paper on the Application of Information Technology in Marketing in 1997. An experienced force in marketing, Cor founded Ogilvy and Mather Dataconsulting and was instrumental in creating the Flying Dutchman air-miles campaign for KLM airlines. He is a leader in his field: the tension between sociology, technology and marketing. Cor is not only conducting academical research on this matter, but also advising companies. He is a professor for the chair of E-Marketing at the Business Administration faculty of the Erasmus University in Rotterdam.

WHAT HE OFFERS YOU:

Cor Molenaar puts people in the centre of all the changes that are occurring in society and companies. He brings a unique blend of vision, education and corporate expertise to customer focused business. His work is recognised not only on the business front, but in academia and research as well. He has a proven track record in helping companies to develop valuable customer relationships and an astute understanding of the top management perspective. All of his presentations are tailored to the needs of the client.

HOW HE PRESENTS:

Cor Molenaar is a dynamic speaker, a brilliant strategist, and brings tremendous know-how with his impressive presentations. With enthusiasm, involvement and filled with humour and skill, he takes audiences along on a journey to the new world, sketching future developments in a practical manner.
