

Aric Dromi

Futurologist, Digital Philosopher and Professional Troublemaker

CSA Celebrity Speakers Ltd

Aric Dromi is the Chief Futurologist for one of the world's most well-known and respected vehicle manufacturers and a leading developer of premium, autonomous and electric vehicles. He looks into new ways of thinking about how things work.

"Turning Science Fiction into Reality"

In detail

Outside of this he splits his time between his consultancy TEMPUS.MOTU a social and technology strategic think-tank and a series of advisory roles. He sits on the advisory board of NTT Innovation Institute, Inc. (NTT i3) the Silicon Valley-based innovation centre for NTT Group, one of the world's largest ICT companies. He also supports the UNLEASH innovation team; they are a global innovation lab with a focus on the UN's Sustainable Development Goals. He also holds a position with the AIIA, Artificial intelligence & Intelligent Automation Network which advises business executives on the world of AI. Aric is also an author and an artist.

What he offers you

Aric helps change the way we experience the world and transforms the way we understand change. He explains the future, makes it tangible and, most importantly, makes it relevant. He delivers captivating speeches that frame questions and help people identify and abandon old paradigms and rethink thinking.

How he presents

A passionate and engaging speaker, Aric's presentations are a veritable wealth of new ideas delivered in a unique and highly creative way.

Languages

He presents in English.
