

Dr. David Bellamy OBE

Botanist, Author and TV Personality

CSA Celebrity Speakers Ltd

David Bellamy OBE is a botanist, author, broadcaster and environmental campaigner. He is the author of over 40 books and 80-plus scientific papers with a common theme to ecology and the environment. These best-selling publications cover a diverse range of environmental subjects from the boglands of Ireland to the gardens of the Vatican. He is also widely known on television, having written and presented over 400 programmes during his career.

"Britain's best known botanist"

In detail

David Bellamy was born in London and was brought up as a strict Baptist. He attended Chelsea College of Science and Technology and Bedford College in London. He originally trained as a botanist at Durham University, where he later held the post of senior lecturer in botany until 1982, and still holds the post of Honorary Professor for Adult and Continuing Education.

What he offers you

In his presentations David talks in detail about his enthusiasm and concern for the natural world. He also explains how a new, enlightened, view of conservation is needed and that every person has a part to play. David also expresses his strong opinions about global warming and alternative energy sources and what the future holds for the global environment.

How he presents

David Bellamy is a unique speaker and engages audiences with his immensely enjoyable presentations. He is also an excellent conference host and highly sought-after and entertaining after dinner speaker.
