Kevin Mitnick
Renowned Computer Security Expert and Author

Once one of the FBI's Most Wanted because he hacked into 40 major corporations just for the challenge, Kevin is now a trusted security consultant to the Fortune 500 and governments worldwide. He is CEO and chief "white hat" hacker at one of the most advanced boutique security firms in the world.

"The World's Top Cybersecurity Speaker"

In detail

Kevin has been a commentator, security analyst, or interview subject on CNN, CNBC, Al Jazeera, FOX News, CBC, BBC, Radio Moscow, Tech TV, National Public Radio, Playboy, Good Morning America, and 60 Minutes - to name just a few. He has been called before Congress (both the House and the Senate) to testify on security matters affecting the United States. Kevin also works in partnership with KnowBe4 to produce critically acclaimed security awareness training programs. Kevin and The Global Ghost Team now maintain a 100 percent successful track record of being able to penetrate the security of any system they are paid to hack into using a combination of technical exploits and social engineering.

What he offers you

Using concrete examples, Kevin Mitnick shows what your business can do to develop a creative and engaging security program that heightens awareness, motivates employees to change their attitudes, influences them to think defensively, and encourages the adoption of good security habits.

How he presents

In his presentations Kevin demonstrates the tools and techniques that hackers are using everyday to compromise the security of numerous enterprises and consumers.

Languages

He presents in English.
