

Alberto Alessi is Managing Director of Alessi Spa and Head of marketing strategy, communication and design management. His design and technology expertise have seen the company become globally recognised for producing products which combine functionality and aesthetic appeal.

#### TOPICS:

- Innovation
- Strategic Marketing and Design
- Emotional Design
- Internet Branding

#### LANGUAGES:

He presents in English, Italian and French.

#### IN DETAIL:

As the third generation of Alessi to run the business, Alberto was responsible for transforming the household-trade supplier of steel kitchen and dining ware into a brand known for style and substance. Combining quality and traditional functionality with modern materials and the latest in technology and style have seen the company grow to work with leading designers and have enabled it to become highly regarded on an international level. Products made by Alessi have a seemingly magic formula they draw consumers, enchanting them into accepting new design and to welcome technological advancement. He received the MBA Design Award for Lifetime Achievement from the Brooklyn Museum, New York and holds a number of honorary titles.
