IN DETAIL:

Clara has been involved in AI since 2015 its early days in finance, giving her a unique perspective on its evolution and future trajectory. Her ability to foresee trends and translate them into actionable strategies sets her apart as a forward-thinking leader who is ahead of the curve. She is known for her commitment to ethical AI, focusing on real-world applications of AI that are both responsible and profitable. Her SES (Security, Ethics, Safety) Framework is a testament to her dedication to balancing innovation with integrity. Clara frequently presents at leading global conferences, including SIBOS, Point Zero Forum, Singapore Fintech Forum, Innovate Finance Global Summit, and AI World.

WHAT SHE OFFERS YOU:

Clara offers a rare combination of deep technical expertise, pro-business ethical insight and practical business acumen, making her an invaluable asset for any organisation seeking to navigate the complexities of AI in the modern world.

HOW SHE PRESENTS:

Clara's expertise in AI governance, ethics, and the geopolitics of AI in business, combined with her talent for translating complex concepts into compelling narratives, makes her an ideal speaker for events exploring the real-world impact of AI in business.
