LANGUAGES:

He presents in English.

IN DETAIL:

Dominick Romano is a globally respected AI Speaker whose work sits at the intersection of artificial intelligence, innovation, ethics and enterprise transformation. As Founder and CEO of drainpipe.io, he has pioneered advanced approaches to AI model management and data orchestration, enabling organisations to deploy AI more effectively and responsibly. His achievements include Red Herring North America and Global Awards, an OMMA Award for an innovative UNICEF project, and recognition among Technology Innovators Magazine's Top 50 AI CEOs. Dominick has contributed to AI research supporting the World Health Organization and International Telecommunication Union, with expertise spanning healthcare, emergency response, AI governance and trustworthy AI. He is a sought-after keynote Speaker at leading international conferences, regularly advising organisations on the future of AI regulation, responsible innovation and enterprise adoption.

WHAT HE OFFERS YOU:

Dominick Romano equips audiences with practical strategies for adopting AI responsibly while unlocking innovation and competitive advantage. As an experienced AI Speaker, he explains emerging technologies, AI governance, regulation, digital transformation and ethical implementation through engaging real-world examples, helping organisations confidently prepare for an AI-driven future.

HOW HE PRESENTS:

Dominick is an engaging, insightful and highly knowledgeable Speaker who combines technical expertise with compelling storytelling. His presentations are practical, interactive and tailored to inspire executives, policymakers and technology leaders alike.
