IN DETAIL:

Jim's clients include American Express, Barclays Bank, Canon, General Motors, IBM, SAP, Munich Re, the Top 200 CIOs of India, the UK Cabinet Office, Swiss Re, Walmart, and Zurich Insurance. In 2024, he was recognised as Speaker of the Year by TEC Canada. TEC, part of Vistage, the world's largest CEO peer mentoring organisation with over 45,000 CEOs globally, awarded him for his impactful presentations on AI, described as "mind blowing," "riveting," and "eye opening." As a management consultant, Jim works with leading businesses, Fortune 500 companies, and organisations aspiring to reach that level

WHAT HE OFFERS YOU:

As a disruptive speaker, Jim Harris helps organizations understand and respond to the profound impact of artificial intelligence, generative AI, disruption, and rapid technological change. Jim is particularly valued for helping leadership teams move from uncertainty to clarity. He challenges conventional thinking, highlights emerging risks and opportunities, and provides frameworks for navigating disruption with confidence.

HOW HE PRESENTS:

As a speaker, Jim Harris delivers highly engaging, fast-paced, and insight-rich presentations that make complex topics such as AI and disruption both accessible and immediately relevant. His style is clear, energetic, and structured, combining strategic thinking with real-world examples that resonate with executive audiences.
