LANGUAGES:

He presents in English.

PUBLICATIONS:

2020 Rewriting the Rules of the European Economy: An Agenda for Growth and Shared Prosperity

2019 People, Power, and Profits: Progressive Capitalism for an Age of Discontent

2017 Globalization and Its Discontents Revisited

2016 The Euro: How a Common Currency Threatens the Future of Europe

2015 The Great Divide

IN DETAIL:

A pioneer in the field of the application of economic theories, he helped create the new branch of economics 'The Economics of Information'. Founding Editor of The American Economics Association's Journal, he also holds numerous prizes and doctorates in recognition of his groundbreaking work. He is the Co-Founder and President of the Initiative for Policy Dialogue (IPD), Chair of the Management Board, Brooks World Poverty Institute, University of Manchester and Co-Chair of Columbia University Committee on Global Thought. He won the Nobel Prize for Economics in 2001, before that President Clinton appointed him Chairman of the Council of Economic Advisers in 1995. A former Chief Economist to the World Bank, he is currently Economics Professor at Columbia University.

WHAT HE OFFERS YOU:

Since pioneering a new branch of economics 'The Economics of Information', he has continued to offer tools for policy analysts. Professor Stiglitz explores how markets are influenced and the effects of various circumstances on their success; concluding with views on how performance can be improved.

HOW HE PRESENTS:

Joseph Stiglitz presents with clarity, authority, and a deep command of economic issues. He combines rigorous analysis with engaging storytelling, often using real-world examples to illustrate his points. Thoughtful and measured, he invites audiences to reflect critically on economic systems while offering hopeful, practical perspectives for change.
