IN DETAIL:

Kyran was known as a player who could pass accurately off both hands, a strong defender, a good kicker and always posed an attacking threat with great speed from a standing start. He battled back from a career threatening back injury to regain his captaincy and scrum half position at Saracens and won a place in Clive Woodward's triumphant 2003 England World Cup, making 4 appearances including winning his 50th Cap against Wales in the quarter-final. Kyran retired from international rugby in 2003, and from the Saracens at the end of the 2005/06 season after a glittering career which saw him win every international honour available with England and the Tetley's Bitter Cup with Saracens during his 10 year stint with the club.

WHAT HE OFFERS YOU:

Kyran talks about his formula for success, using practical examples from an England team who progressed from nearly-men to World Champions. He explains how they had several leaders, each responsible for their own discipline but following a single game plan designed to leave the opposition in their wake. He is the ideal choice to speak on managing change, retraining and goal setting.

HOW HE PRESENTS:

Kyran is an intelligent and a very talented speaker, who has the ability to educate, engage and entertain an audience and is always great fun to be around.
