## LANGUAGES:

She presents in English.

## IN DETAIL:

Magda's journey in cybersecurity has been multifaceted, serving varied industries and organisations. She honed her skills as an Information Security Officer for multinational insurance firms, concurrently initiating businesses centered on providing global cyber advisory services. Magda's entrepreneurial streak further led her to co-found a start-up in Singapore, exemplifying her ability to continually adapt and enrich her competencies. Chelly holds a Ph.D. in Telecommunication Engineering and has been active in promoting diversity and gender balance in the cybersecurity sector. She is the founder of Woman In Cyber, an initiative aimed at encouraging women to pursue careers in cybersecurity.

## WHAT SHE OFFERS YOU:

Magda's talks range from cybersecurity to entrepreneurship, ingeniously blending in-depth insight with non-technical language, making them suitable for a wide range of audience. She is particularly celebrated for her lucid communication style and her talent for making cybersecurity comprehensible to everyone.

## HOW SHE PRESENTS:

Renowned as a vibrant and passionate speaker, Dr. Chelly has the uncanny knack of striking the core of her subject matter, delivering it with an appealing energy.
