LANGUAGES:

He presents in English, French and Spanish.

IN DETAIL:

Nabil Malouli is a global keynote speaker and former senior executive at DHL, where he led innovation and transformation initiatives across multiple continents during a 22-year international career spanning the United States, Europe, the United Kingdom, China, Mexico, and Brazil. Today, Nabil works with leadership teams around the world to help organisations unlock the real productivity potential of Artificial Intelligence. After leading more than 20 AI deployments inside large global organisations, he developed a practical framework that helps companies adopt AI faster across both individual workflows and enterprise operations — a framework he now shares in his keynotes.

WHAT HE OFFERS YOU:

Nabil's perspective is shaped by hands-on operational experience, not theory. His work sits at the intersection of Artificial Intelligence, digital commerce, and the future of supply chains, helping leaders understand how these forces are reshaping global business.

HOW HE PRESENTS:

His keynotes are known for being insightful, practical, and highly engaging. Blending humour, real-world business cases, and clear frameworks, Nabil customises each talk to the audience and event, ensuring participants leave with actionable ideas they can immediately apply inside their organisations.
