LANGUAGES:

She presents in English, German, Spanish and French .

PUBLICATIONS:

2022 Deepfakes: The Coming Infocalypse

IN DETAIL:

Nina's debut book "DEEPFAKES" was released in 2020 and has been translated into five languages. The first book on AI-generated content, she predicts that over 90% of online content will be "created" by AI in 2030. Nina is a seasoned media commentator, appearing regularly on BBC, Sky, Bloomberg and CNBC. She has also been published by Wired, Time, MIT Tech Review and The Times. Before specialising in Generative AI, Nina worked on geopolitical crises, including Brexit, the Russia-Ukraine war and state-sponsored disinformation. She has advised leaders including Joe Biden, the President of the United States and Anders Fogh Rasmussen, the former Secretary General of NATO.

WHAT SHE OFFERS YOU:

Nina analyses how this nascent field of artificial intelligence will change humanity. An expert in the nascent field of Generative AI, Nina Schick is a sought-after advisor and keynote speaker. Drawing from her own cutting-edge work in the field, she provides businesses and audiences with a clear understanding of this rapidly evolving area of artificial intelligence.

HOW SHE PRESENTS:

Nina is an accomplished public speaker for many kinds of audiences. Her professionalism and effervescent personality will ensure that your event is highly successful.
