

Olivier Oullier Ph.D.

Neurotech Entrepreneur, Investor & Brain Scientist

"Named a Young Global Leader by the World Economic Forum"

Olivier Oullier is the co-founder and CEO of Inclusive Brains, a company developing multimodal AI and neurotechnologies designed to create more inclusive human-machine interactions and empower people with disabilities through brain-computer interfaces and adaptive systems. He is also Chairman of the AI Institute at Biotech Dental Group and advises organisations on artificial intelligence, neurotechnology and human-centred innovation.

TOPICS:

- Machine-Human Interfaces and Neuroadaptive Technologies
- Generative AI, Brain-Computer Interfaces & Human Augmentation
- The Future of Work – Adaptive and Inclusive Workplaces
- Neural Rights, Ethics & Trustworthy AI
- Inclusive AI and Accessibility Innovation
- Consumer Behaviour, Decision-Making & Cognitive Performance
- The Future of Healthcare and Human-Centered Technology

LANGUAGES:

He presents in English and French.

PUBLICATIONS:

2010 Nouvelles Approches de la Prévention en Santé Publique : L'Apport des Sciences Comportementales, Cognitives et des Neurosciences

IN DETAIL:

Prof. Olivier Oullier is the former President of EMOTIV, a global leader in neuroinformatics and EEG technologies, he is the former Global Head of Strategy in Health and Healthcare and is a Member of the Executive Committee at the World Economic Forum. A neuroscientist, entrepreneur and investor, Olivier is internationally recognised for bridging neuroscience, artificial intelligence and business transformation. His work focuses on the convergence of generative AI, neurotechnology and human augmentation to improve healthcare, accessibility, education and the future of work. He has advised governments, Fortune 500 companies and international organisations on innovation, behaviour change, AI governance and emerging technologies.

WHAT HE OFFERS YOU:

Olivier's unique entrepreneurial, scientific and strategic experience enables him to help organisations understand how AI and neurotechnology are reshaping industries, leadership and human performance.

HOW HE PRESENTS:

As a Speaker, Olivier is dynamic, insightful and highly engaging, his keynote talks make complex technologies accessible and relevant to business leaders, policymakers and innovation teams alike.
