

Vivek Wadhwa

Acclaimed Tech Pioneer and Influential Leader on Change

"One of the most influential minds in technology"

Vivek Wadhwa is an entrepreneur, academic, author, and renowned keynote speaker. His research is focused on the critical advances in robotics, artificial intelligence, computing, synthetic biology, 3D printing, medicine, and nanomaterials, and how these advances are creating disruptive changes for companies, industries, governments and the culture at large.

TOPICS:

- Navigating Technological Change at Light Speed
- Disruption & Opportunity: How Existing Industries Will Be Disrupted & New Trillion-Dollar Industries Will Emerge
- How Technology Will Eat Medicine: Future of Healthcare
- Future Trends
- Innovation

LANGUAGES:

He presents in English.

PUBLICATIONS:

2020 From Incremental to Exponential

2018 Your Happiness Was Hacked: Why Tech Is Winning the Battle to Control Your Brain - and How to Fight Back

2017 The Driver in the Driverless Car: How Our Technology Choices Will Create the Future

2014 Innovating Women: The Changing Face of Technology (with Farai Chideya)

2012 The Immigrant Exodus: Why America Is Losing the Global Race to Capture Entrepreneurial Talent

IN DETAIL:

Vivek was named Silicon Valley Forum's 2018 Visionary Award-Winner. He just rejoined Harvard as a Distinguished Fellow, Harvard Law School, Labor, and Worklife Program, where he will help lead a critical three-year research project on the effects of technology on future employment and work. This will be the first study on how technology will affect the core foundations of our economy. Vivek is also currently a Distinguished Fellow at Carnegie Mellon University's College of Engineering, he teaches on CMU's Silicon Valley campus about the latest exponential technologies; technology convergence and industry disruption; risks and regulation; and the new rules of innovation.

WHAT HE OFFERS YOU:

In his presentations Vivek Wadhwa shares with audiences how technology will transform our world, disrupt entire industries and create new ones. An observer and researcher on the trends shaping globalization and innovation around the world, he also shows decision makers the keys to remain competitive in the globalised world focusing on business in India and China.

HOW HE PRESENTS:

Highly inspiring and thought provoking, Vivek Wadhwa's remarks are of great interest for business leaders, organisations and governments around the globe.
